

Educators and SMB users require clear, crisp projection of highly detailed text and images, and transportability for multi-venue meetings. The Acer X1260 delivers, with a host of nice-to-have features for superb value. Thanks to its native XGA (1024 x 768) resolution, 2000 ANSI Lumens brightness, 2000:1 contrast ratio, a 6-segment color wheel, and Acer ColorBoost and SmartFormat technologies, the Acer X1260 projects vivid hues and true blacks.

## Acer Projector X1260 Quick Spec

Projection system	DLP®
Resolution	Native: XGA (1024 x 768) Maximum: SXGA (1,400 x 1,050), WXGA+ (1,440x900)
Aspect ratio	4:3 (native), 16:9
Contrast ratio	2000:1
Displayable colors	16.7 million colors
Brightness	2,000 ANSI Lumens
Projection distance	3.3 feet (1.0m) to 39 feet (11.9m)
Throw ratio	50 inches @ 2 m
Projection distance	3.3' (1.0m) ~ 39.0' (11.9m)
Throw ratio	50 inches @ 2 m
Lamp type	160 W user replaceable P-VIP lamp
Lamp life	4000 hours
Keystone correction	+/-40 degrees (vertical)
Projection mode	Front, rear, front-ceiling, rear-ceiling
Ceiling mount capability	Yes
Audio	One internal speaker with 2 W output
Weight	2.3 kg (5 lbs.)
Dimensions (W x H x D)	267 x 187 x 80 mm; 10.5 x 7.4 x 3.1 inches
Remote Control	IR remote control
Noise Level	33 dBA

## Feature highlights

### Crisp, radiant display

- Unique, elegant design
- Acer ColorBoost technology
- XGA resolution
- 2000 Lumens brightness and 2000:1 contrast ratio
- DLP® system design

### On-the-go usability

- Acer eView Management with innovative Blackboard Mode
- Acear eTimer Management
- Acer SmartFormat technology
- Acer InstantPack technology
- Automatic safety shutdown
- Quick signal detection

### Outstanding functionality

- Longer lamp life (4000 hours)
- Keystone correction (40° vertical)
- Digital zoom and pan
- Built-in speaker
- Alarm
- RC security
- PIN security

### Harmonious connectivity

- Monitor loop through
- RS-232 port
- Windows Vista® compliance

### Acer ColorBoost Technology

Featuring an optimized 6-segment color-wheel design, powerful image processing, and advanced lamp illumination technology Acer ColorBoost technology provides incredible color performance, never before seen in conventional projectors. Brilliant color with a high contrast ratio presents ultra-vivid images for business presentations, educational purposes, and home entertainment.

### Acer SmartFormat Technology

Conveniently supports comprehensive wide-format PC signals. Users no longer need to worry about annoying "Signal not supported" issues, nor must they change the resolution of their wide-format notebook.

### Acer eTimer Management

A digital clock that can be set by the user and displayed onscreen for convenient presentations going at the right pace. Acer eTimer Management also features a visual countdown and alarm, or countdown alone, to warn the presenter when time is up.

### Acer eView Management with Blackboard Mode

Acer eView Management helps users adjust their projector settings to suit any environment and any type of content in just a few moments. Six factory or user-defined presets instantly reconfigure color, brightness and contrast to deliver best-quality images every time. Innovative Blackboard Mode allows users to instantly project onto a traditional green chalkboard. There is no longer a need to set up a separate white screen.

### Instant Pack

If the user is in a hurry to leave, the power cord can be unplugged right after the projector is turned off, without any resulting damage. There's no need to wait for a cooling period; the user can pack up the projector and leave immediately.
